

He culd feel the pain inside him. Sumetimes the bugs or germs, whatver they were wuld feel like it was biting his tumy. For months the payn culd go away, but then it wud return. Wen they were active, he just wantid it to gow away. "Please stop!" he cried. This strange planet he woz on, what was it doing to him? How culd he get away? How culd he get help?

14 spelling mistakes. Can you fix them?

He **culd** feel the pain inside him. **Sumetimes** the bugs or germs, **whatver** they were **wuld** feel like it was biting his **tumy**. For months the **payn culd** go away, but then it **wud** return. **Wen** they were active, he just **wantid** it to **gow** away. "Please stop!" he cried. This strange planet he **woz** on, what was it doing to him? How **culd** he get away? How **culd** he get help?

**14 spelling mistakes. Can you fix them?**

He could feel the pain inside him. Sometimes the bugs or germs, whatever they were would feel like it was biting his tummy. For months the pain could go away, but then it would return. When they were active, he just wanted it to go away. "Please stop!" he cried.

This strange planet he was on, what was it doing to him? He could he get away? How could he get help?
