$$10 - 3 =$$

$$10 - 4 =$$

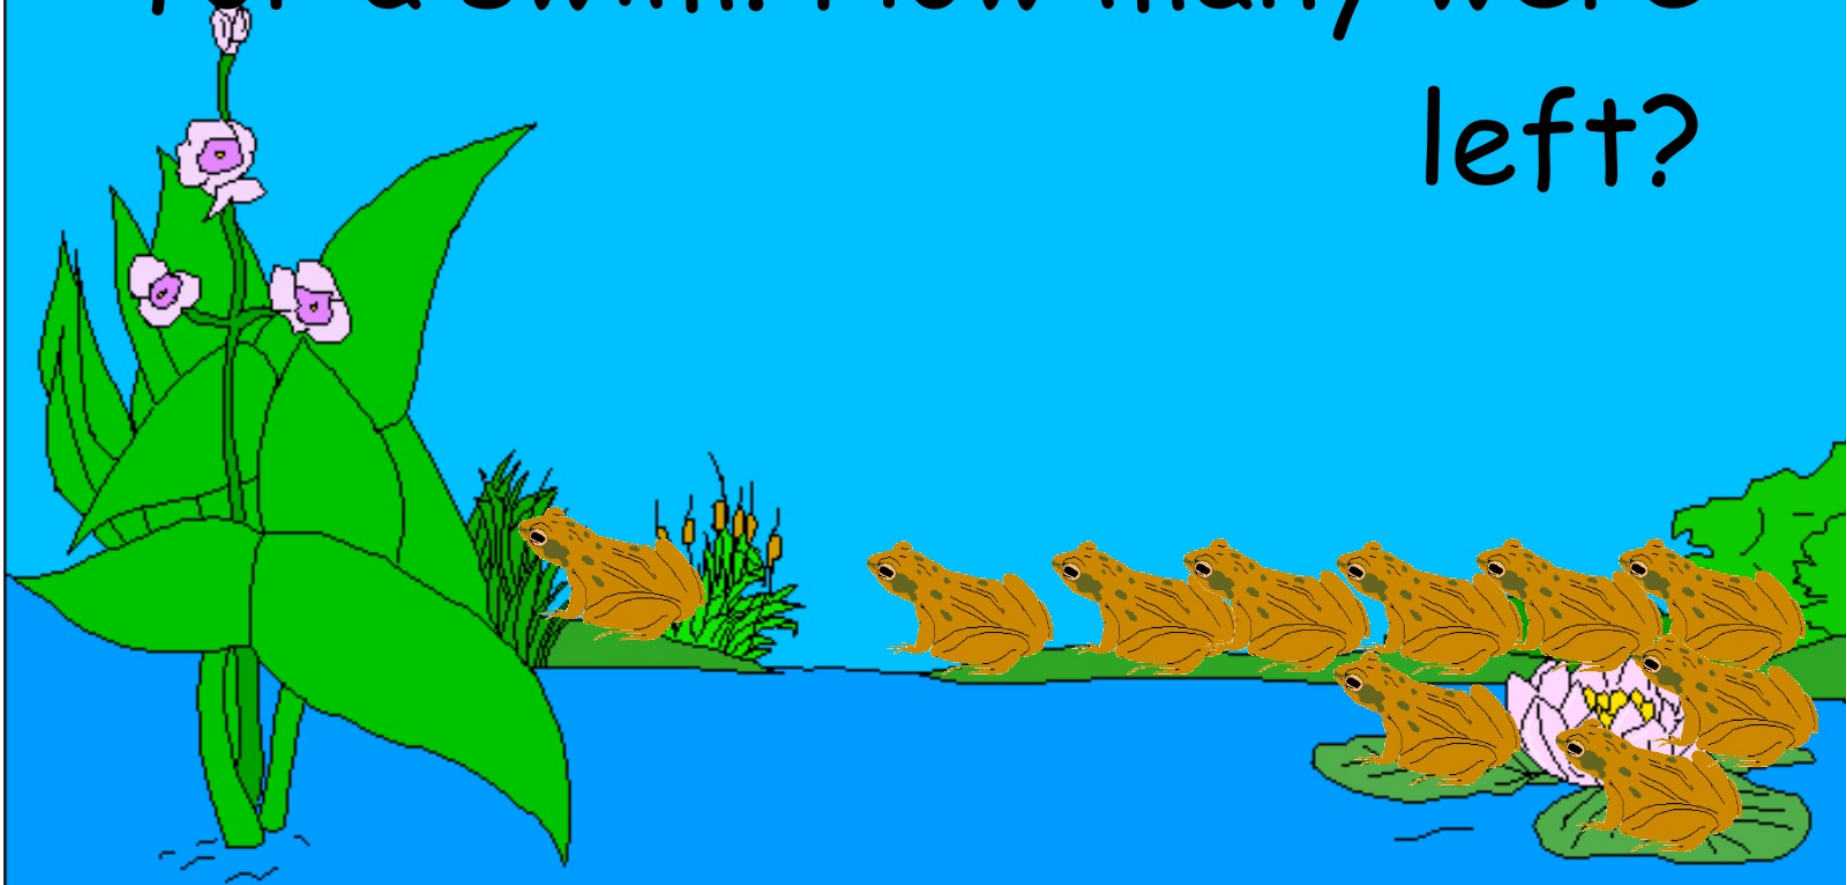

$$10 - 5 =$$

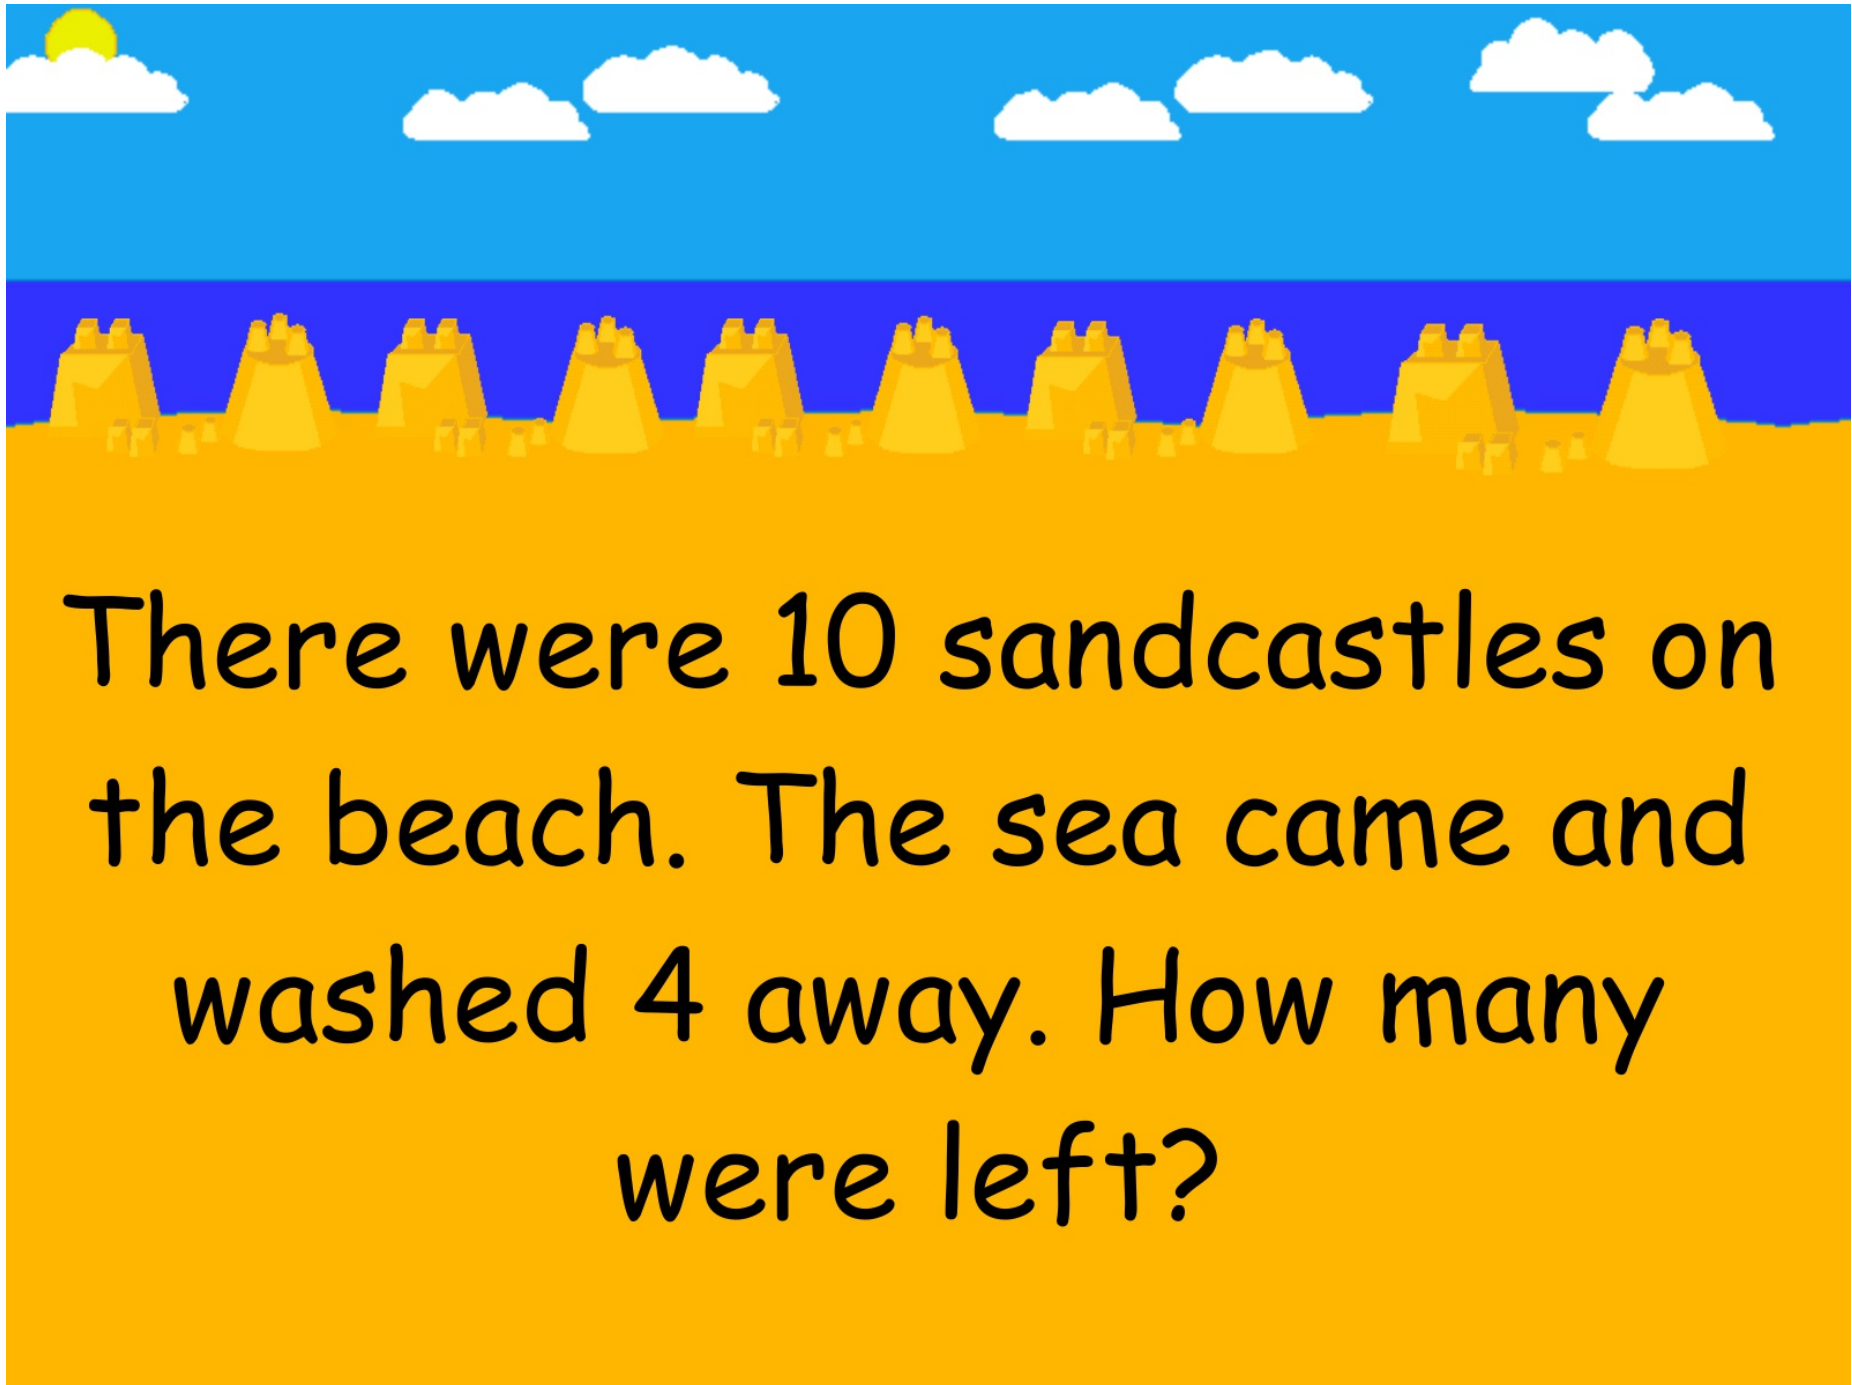

$$10 - 2 =$$

There were 10 green bottles  
standing on a wall. 1 fell off.  
How many were left?

There were 10 frogs. 3 went  
for a swim. How many were  
left?

There were 10 sandcastles on the beach. The sea came and washed 4 away. How many were left?
