

What does 'total' mean?
Here are some numbers.

12 3 6 8 7 5 11 2 9

Add 3 numbers to make 20...like this

$$7 + 7 + 6 = 20 \quad \text{or} \quad 6 + 2 + 12 = 20$$

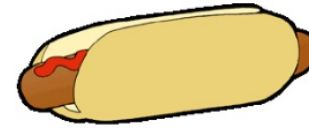

There are 10 ways to make 20.
You have 5 minutes, can you find
them all?

Cheeseburger
£1.00

Milkshake
£0.50

Hotdog
£0.80

Mathew orders a cheeseburger and a milkshake. How much does his order cost?
