## Our science investigation

| Sound | Close up | A short way off | A long way off | Far away |
|-------|----------|-----------------|----------------|----------|
|       |          |                 |                |          |
|       |          |                 |                |          |
|       |          |                 |                |          |
|       |          |                 |                |          |
|       |          |                 |                |          |
|       |          |                 |                |          |

Very loud, loud, noisy, quiet, faint, soft, silent.
